## SUPPLEMENT

Following President Roman's amnesty on 16 August, leaders of the Partido Socialista de Nicaragua (PSN) immediately applied themselves to reorganizing the party, and at a meeting of all the Secretaries-General (Barrio, Sectional, Departmental, and Executive Committees) approved the following resolutions:

1. To oppose any accord which the Somoza-sponsored government might make with domestic or international political groups.
2. To send PSN member Tulio Tablada to San Jose, Costa Rica, with several missions, among them the discussion of a future meeting between Juan Llorio, Secretary General of the PSN, Rodolfo Guzman and Manuel Mora Valverde of the Partido Vanguardia Popular of Costa-Rica, and Nicolas Arrieta of Panama, considered the Secretary General of the Nicaraguan Communist colony in that country. The purpose of the meeting, according to source, will be to "discuss the development of the movement in each country in conformance with the instructions brought by Pinelli" from Mexico last fall."
3. To reorganize and consolidate work among the syndicates of the Confederacion de Trabajadores de Nicaragua (CTN). Ricardo Zeledon, Secretary of Affairs in the PSN and Secretary of Organization in the CTN, will go to Leon to lay the groundwork for a CTN convention to be held there in mid-September. He will also try to get a delegation ready for the September convention of the CTAL, whose invitation in June the CTN was forced by circumstances to decline.
4. To assign specific tasks to each member by organizing the barrio committees into "commands" with specific jurisdictions.

25X1A6a [REDACTED] Jose Francisco Pinell, PSN Secretary of Press and Propaganda, who attended a CTAL convention in Mexico in late 1946 as Nicaraguan delegate.
